Then let's go.
Oh! But the cafeteria is closed right now, so you really can't buy me lunch. It's alright!
shuffle

W-well, yes... but..

And you?
Landon Takahashi, a junior.
Once I got a better look at her, she was pretty cute.
A typical, straight-laced girl you'd expect right out of the Student Council
... Just the type of person I preferred *NOT* to hang out with.

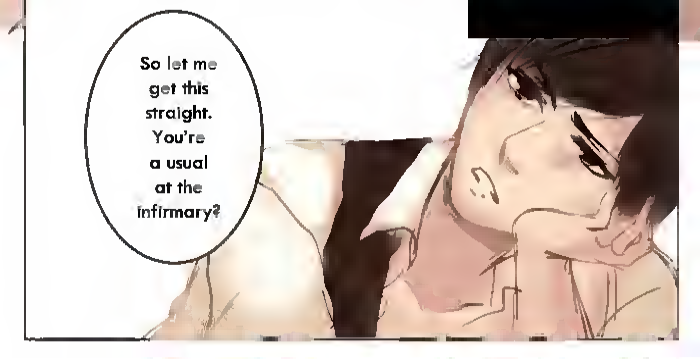
Ah! I'm sorry-- I probably wasn't paying attention
You're not hurt, are you?
dusts off
You again.
You look more injured than me, to be honest.



So let me get this straight. You're a usual at the infirmary?

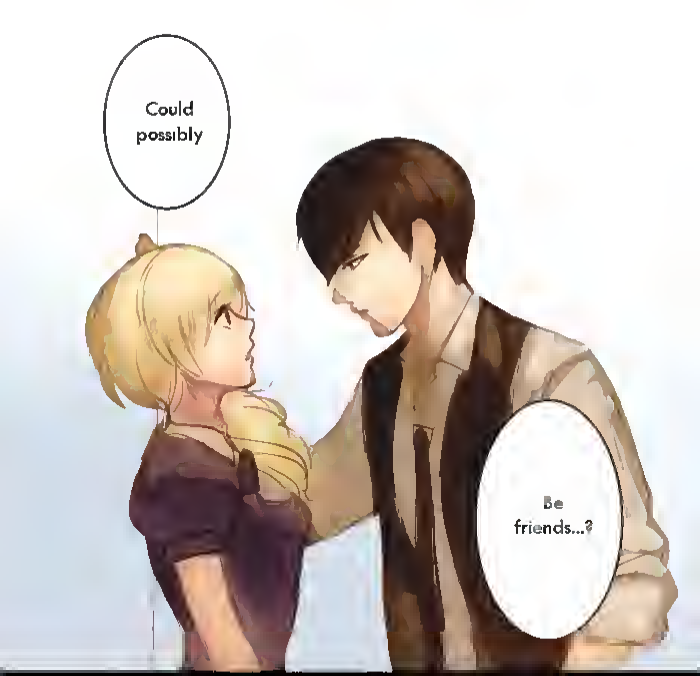
That explains why she asked earlier...

I feel somewhat guilty for interrogating her earlier--

G

You have an inquiry of where I'm *really* going, right?
You're trying to catch me in the act of ditching?
Or perhaps you do want to be alone for some "fun", huh?
So which

Oh! You're the boy from eorlier today...
I don't believe I've properly introduced myself yet. I'm Rachelle Fletcher, a senior.



So perhaps... My predicaton was *slightly* off...

You're no different from everyone else.
I can read you like a book.

Let
me guess

I never said we're eating here.
You see, "Miss Student Council", if you want to hang out with me...
You're going to have to break a few rules.
We're ditching
EH?!

is it?
What do you want from me?

What kind of person asks to be alone with someone they just met? What's your motive?
motive?

Well, only during gym period when there's a lot of physical exertion involved
My doctor says I have weak lungs, so I have to sit out on those kinds of activities. But to be honest, I'd much rather do things with everyone else.
It's not fun to be left out sometimes, you know? haha
If it bothers you that much, don't smile about it geez
Personally, I'd choose sleeping over gym any day.

ROOOOOR

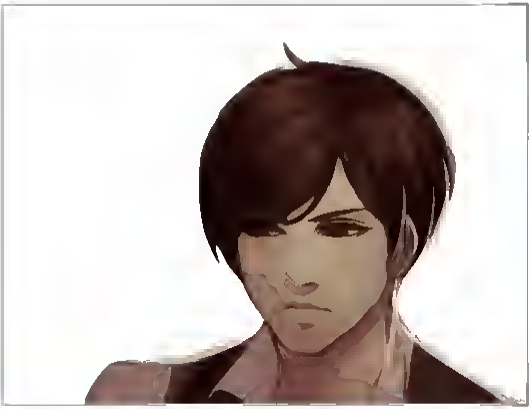
Well, nice meeting you. Bye.
Ah! Um-- Where are you going?
The infirmary.
...! So I actually did hurt you when I bumped into you
im so
That's not it!

W... Was that your *stomach*?
S-sorry. I forgot to eat today. Please don't mind me.
GRRRLL
GRUR

Oh... Would you mind if I accompanied you?
Uh.. You really don't have to.
Why should you, anyway?
Because it's nice not to be alon
You've got to be kidding me

where
Tangents
meet

First of all, how am I supposed to sleep with your stomach being so noisy? Second, go eat something!
I-- forgot my wallet too ...
My God, you're a handful... Fine Whatever. I'll treat you.
Ah-- I couldn't possibly have you do that for me-- Really. Don't worry about it.
You said you wanted to be friends, didn't you?
Quit blabbering already and just let me do this once.



I was kind of hoping that you and I...

Okay, fine. My prediction was *totally* off

But can you blame me?! It's like she's from another *planet* or something—

Hell, maybe even a completely different *SOLAR SYSTEM.*
